

FOUNDATION

# BUILDING A COMMUNITY IN THE HEART OF SUDBURY

Sudbury artist, **Janice Corkin Rudolf**, will be creating a sculpture with a tile surround in our renovated second floor.

Hand-painted ceramic tiles will be integrated into the base and surround of the Rudolf sculpture. These tiles are a lasting way to recognize your family or honor a special person while providing critical funds to the *Reimagining the Second Floor Project* at Goodnow.

Once you purchase a tile, we will contact you to design the actual tile art with Janice's assistance.

Janice's works are permanently installed at Boston's Children's Hospital, Franklin Park Zoo, Brimmer and May, Brigham & Women's Hospital, Loring Elementary, and Goodnow Library.

With your help, the Goodnow Library Foundation plans to "re-imagine the second floor" of our library. By constructing a new Makerspace—the *Sara Sherman NOW Lab*—and adding a flexible teen space and collaborative study areas, Goodnow will transform into a community hub for all ages.

Standard Tile	5x5	\$500
Medium Tile	5x9	\$1000
Large Tile	9x12	\$5000

Tiles are available in three sizes and all tile orders must be paid in full. Installation is expected in Spring 2018.
