September, 2018

Dear Sudbury friend,

Thanks to generous donations to the Goodnow Library Foundation, our local library is a 21st century community hub where patrons of all ages can come to read, socialize, engage and create.

In April, Goodnow celebrated the opening of the Sara Sherman NOWLab. This innovative space has earned recognition for its unique way of bringing together community members of all ages to participate in hands-on learning, strengthening skills in science, technology, engineering, the arts and math (STEAM). The makerspace fosters problem-solving through tinkering and creativity. Classes such as cooking, knitting, "Girls Who Code", and robotics are held daily.

The completion of the second floor renovation project showcases an open floor plan with public workspaces, laptop counters, charging stations and a fully redesigned area just for teens.

We will continue to innovate and bring excitement to the community by renovating the Historical Room for general use, and providing a stream of new technology and classes. Our Library has attracted a lot of local and regional attention and we intend to keep on going!

To maintain this level of excellence and innovation in our community, the Goodnow Library Foundation needs your help! Join us in supporting Goodnow so that it continues to be cutting edge in its use of space and enabling of new possibilities. We will build upon our current funds, and we will fund for the future with a growing endowment.

Make your annual gift today by sending your tax-deductible donation in the enclosed envelope, or by visiting our website to give online at <http://goodnowlibrary.org/get-involved/foundation/>

With sincere thanks,

Holly Bernene
